PERSONAL PROJECTS

Snake Game

- the snake game named 'Snake Rush' is a game created by using html, css and javascript language. This game provides better visualization to users to enhance their interest.

Hotstar Clone

- Created the clone website of hostar by joining a 7-days long bootcamp organised by Devtown community. This exactly looks like the hotstar app and visual the effects as in the platform.

Netflix Clone

- Created the clone of Netflix platform. This looks and works like the actual netflix platform.

Conversational Bots: Chatbots
